Re: Patent Ownership Status and Possibility of Fraud

Dear Sirs,

I am the President of Union Recovery Corp., a Washington Corporation, and am writing regarding the status of our patent and several patent applications. We acquired these properties when we acquired the assets of Tarian, LLC, a Utah Corporation, in June 2002. We gave a power of attorney to our patent attorneys and authorized them to affect the transfer of these valuable assets. Despite the repeated assurances of our lawyers, we have recently come to know that the patents were not transferred and that a third party, Ensign Holdings, LLC, a Utah Corporation, may be trying to obtain fraudulent possession of our patents and applications.

Please clarify the status of the following items:

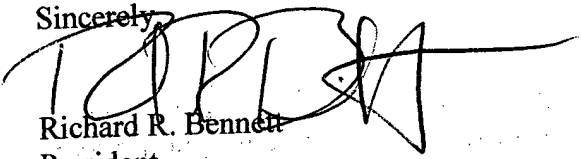

Application Number:	09483929
Application Number:	09642459
Application Number:	09758836
Application Number:	09814607
Application Number:	09815598
Application Number:	09815885
Application Number:	10300659

Patent Number:	6483929
----------------	---------

PCT Number:	US0100829
PCT Number:	US0118314

Thank you for your assistance in this matter.

Sincerely,

Richard R. Bennett
